HELPING YOU LOOK GOOD

LET'S TALK ABOUT BEAUTY

You can rest easy knowing that you get a candle made from transparent, high-quality, 100% natural, and sustainable ingredients.

Slow North creates all natural, soy-wax candles, made with 100% essential oils, that redefine all-natural luxury. We're proud to use soy wax and to be vegan - no artificial dyes or ingredients are used. Slow North candles are designed with sustainability in mind. We're proud to use only biodegradable and renewable resources and hand-pour our candles into American-made, frosted glass tumblers that feature a sustainably sourced, fire-branded cork lid. In a world crowded by artificial ingredients and overstimulation, you deserve the luxury of a Slow North candle.

"A hand-poured soy aromatherapy candle, crafted with a blend of essential oils to assist you with your self-care routine. 100% plant-based + eco-friendly. Each candle helps naturally combat anxiety, stress + low mood through the inhalation of essential oils. Mindfully light your candle and breathe deeply into the nose"

TESTIMONIALS

First candle I've had from you and highly impressed! The quality of the wax, the mood when creating a middle feeling and the case. More importantly the scent is amazing! Reminds me of many others when she is having business. I mean!

Customer

Third time ordering, love this scent, not too sickly sweet but still warm and cozy. Fragrance is just divine! Love the idea of using recycled bottles, very classy packaging... I own it keep it up with hard work, best of luck and keep going I love to shop again!

Jennifer Doe
Customer

Leather and wood is hands down the most elegant fragrance I've had the pleasure of smelling. It gives whatever room you use it in, a subtle undertone without the fake smell of an air freshener. The price originally had a some delay my purchase,

Claudia Doe
Customer

We have these candles you have in our store and they are beautiful. Our clients love them also. Your team take such care with packaging them and getting them to us in one piece and they arrive super quick. Thankyou Maja wowow
